

## Contacting the school

For the next few days at least, we will not have internet access at the school. This is due to a fault in the router and because of the nature of the router, this will have to be rebuilt by South West Grids for Learning. We have been told this will be a minimum of 48 hours but possibly longer. We will check our emails from home in the evening but if there is anything urgent, please either come into school or ring the office.

During this time, we will still have access to Twitter so please sign up to our Twitter account (details opposite). Parents have found this a very informative way of finding what is happening at the school such as up to date scores from football matches and snatches of day to day life at the school.

## Welly Rack

Thank you Mr Huddy for making the Foundation class an amazing welly rack. As can be seen, good use is already being made of it.

## Indoor Rowing

We sent two teams to the Plymouth Indoor Rowing Championships and finished second and third. Another creditable sporting triumph. This programme has been run by Kevin Sellars over several years and has now produced three members of the GB rowing squad and an Elburton ex pupil has recently been offered a scholarship in California on the strength of her rowing which she began in the school hall as a Year 5 pupil.

## Cross Country

We also had a cross country team compete against other Plymstock schools at Wembury. Our team did exceptionally well and we are currently third in the league table. Their next completion is this Friday at Goosewell.

## Dogs

Thank you for your cooperation in not bringing dogs onto the school grounds, however, there have been a few incidents of dog fouling by the entrances by the school, so please be aware of this and if your dog does foul, please can you pick it up.

## De-Fibrillator

This is all now set up and running and will shortly be commissioned by the South West Ambulance Trust.
